AUDITOR'S REPORT

State of Maine
State Department of Audit
Augusta

January 7th, 1944

To the Inhabitants of the Town of Greenwood:

In accordance with the request of your municipal officers, this department, represented by M. G. Allen and L. D. Daniels, has completed an examination of the accounts of your town officials for the municipal year ended December 31, 1943.

In our opinion, based upon such examination, the accompanying exhibits and schedules fairly present the financial condition of your municipality as of December 31, 1943 and the results of its operations for the period then ended.

The data obtained by us is summarized in the following:

Municipal Auditor

COMMENTS

Cash

All receipts as recorded were examined and the cash for same was found to have been deposited in the bank currently, with the exception of \$1,193.30, cash on hand which was verified. The detail is shown on Exhibit B.

Expenditures were made by check from properly authorized warrants, supported by invoices and payrolls on file, as summarized on Exhibits B and D.

The cash balance was reconciled with the bank as per detail shown on Schedule 1.

Taxes—Property and Poll

The 1943 tax commitment was found to be in agreement with the Assessors' records. The balance due from the Collector on this commitment is represented by unpaid taxes taken from the records as summarized on Schedule 2, with supporting detail being shown on Schedule 2-a. The unpaid prior years' taxes are also shown on Schedules 2 and 2-a.

Payments received on tax liens were found to have been applied against the proper items and those still remaining unpaid are summarized and detailed on Schedule 3.

As the collectibility of several of the tax items seemed doubtful, due to their age, a reserve for collection in the amount of \$126.58 has been set up as is shown on Exhibits A and E.

Excise Tax

The excise tax collections were verified with the copies of the receipts as follows:

Balance from 1942 (Exhibit A)	\$ 32.74
1943—Receipts # 10 to 157 (Ex. B)	469.28
	<hr/>
<i>Transferred to Net Surplus</i> (Ex. E)	\$502.02
1944—Receipts 1 to 22 (Ex. B)	<u>\$27.82</u>
Carried to 1944 year (Exhibit A)	

General

Our test check of paid invoices and payrolls indicated they were proper charges and correctly recorded.

Withholding Tax deductions were examined and appeared to be properly recorded. Checks were drawn for this tax and sent to the Collector of Internal Revenue accompanied by a detailed report.

The records of dog licenses issued by your Town Clerk showed collections in the sum of \$75.80, which amount has been paid to the State Treasurer.

With the exception of cash, no external verification was made of your asset and liability accounts.

The cash collection of the 1943 taxes amounted to 81.9% of the current commitment, while cash collections of both current and prior years' tax accounts was 104.8% as applied to the current commitment.

All trust funds have been used by the town, however, as shown on Schedule 6 interest is appropriated and transferred to School and Cemetery Fund income accounts.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Greenwood:

I herewith submit my report of your schools for the year 1943.

The schools of Greenwood, like those of every town have had problems to be met and solved as the result of the difficult conditions under which we are living.

The teaching staff in the Lockes Mills school is entirely changed but we are fortunate in having teachers in all our schools who are faithful to their individual tasks and efficient in the performance of those tasks.

If local teachers had not been available, the filling of our teaching positions would have been a difficult one indeed. When we realize that there are schools in our state which have not been opened since last June, we should be truly thankful that our boys and girls are so well provided for.

The closing of the Richardson Hollow School seemed advisable and in so far as I have learned, this change is proving very satisfactory to parents and pupils. It is recommended that this school be discontinued at least as long as the critical teacher shortage continue. The present arrangement does not crowd the Tubbs or Greenwood City schools and the work is much more interesting than it can be in a school of only eight or nine pupils.

The financial report shows good balances on all accounts but it is well to remember that the financial report includes only fifteen weeks of this school year.

The last Legislature increased the subsidy for each teaching position from one hundred dollars to one hundred ninety dollars to take effect in September, 1943. Thus the

greater part of this amount is included in the unexpended balance on the common school and high school tuition account.

We had an unexpected increase in the equalization fund to be used during this year and the balances included a part of the allocations of this fund. We are informed that the equalization fund will be about six hundred dollars less for 1944.

Taking the above facts into consideration, it is the unanimous opinion of the Superintending School Committee and Superintendent that no decreases can be recommended for the appropriations in spite of the large balance as shown.

The balances should prove to the taxpayers that the money available has been used conservatively and suggest to them that the committee wishes to be conservative in its recommended budget.

I would ask that every citizen realize that a large portion of our appropriations are spent for high school tuition. It is expected that with only six seniors now in high school and twelve in the eighth grade that the high school tuition will call for a correspondingly larger amount.

The repairs have not been extensive this past year. The largest expense was for shingling one side of the roof at the Tubbs school. It is probable that the other side may require new shingles before another winter. With the present high cost and shortage of labor it seems wise to make only such repairs as are necessary for the good preservation of the buildings. The seemingly larger amount recommended for repairs and insurance includes one hundred eleven dollars for insurance. It is thought that a schedule of insurance premiums which would more nearly equalize the annual cost of insurance might be advisable. To establish such a schedule it will necessary to pay a larger amount this year to keep all the policies in force.

In closing this report I would again express my appreciation to the members of the superintending school committee, past and present, the citizens, teachers and pupils who in so many ways have expressed their loyalty to our schools and their interests.

It is needless to say that our problems will grow increasingly difficult as long as the war continues. Let us take courage and do our best in preparing our future citizens for the problems they must face.

Respectfully submitted,

CARRIE M. WIGHT

WARRANT FOR TOWN MEETING

To J. R. Bennett, a constable of the town of Greenwood in the County of Oxford, Greeting:

In the name of the State of Maine, you are hereby directed to notify and warn the inhabitants of the Town of Greenwood, qualified by law to vote in said town, to meet at Town Hall, at Locke's Mills Village in said town, on Monday the sixth day of March, 1944, at ten o'clock in the forenoon to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a clerk for the ensuing year.

Art. 3. To see if the town will vote to accept the report of the municipal officers for the year 1943.

Art. 4. To choose selectmen, assessors, and overseers of the poor for the ensuing year.

Art. 5. To choose a town treasurer for the ensuing year.

Art. 6. To see if the town will vote to elect road commissioners or commissioner, establish their number and fix their pay.

Art. 7. To choose a commissioner or commissioners.

Art. 8. To choose one member of the school committee for three years, one member for one year, and all other necessary town officers for the ensuing year.

Art. 9. To raise money for free high school tuition.

Art. 10. To raise money for the purchase of textbooks.

Art. 11. To raise money for the repair of schoolhouses, and insurance on schoolhouses.

Art. 12. To raise money for the supplies of the common schools.

Art. 13. To see if the town will raise and appropriate the sum of \$25.00 for public health nursing in Greenwood, said sum to be expended by the State Bureau of Health, for local service.

Art. 14. To see what sum the town will appropriate for State Aid Road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under provisions of Section 19, Chapter 28 Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

Art. 15. To raise money for snow removal.

Art. 16. To raise money for the support of roads and bridges.

Art. 17. To raise money for the maintenance of State and State Aid Roads.

Art. 18. To see if the town will vote to raise the sum of not less than \$598.00 as required by law for the maintenance of third class roads.

Art. 19. To raise money for interest for the ensuing year.

Art. 20. To raise money for town officers' bills and miscellaneous expenses.

Art. 21. To raise money for street lights.

Art. 22. To see what sum per day the town will pay the selectmen for their services.

Art. 23. To see what sum per hour the town will vote to pay men, teams and trucks with drivers, for labor on the highways.

Art. 24. To see if the town will vote to buy the treasurer's and tax collector's bond.

Art. 25. To raise a sum of money for Memorial Day observances and name that sum.

Art. 26. To see what sum of money the town will vote to raise towards paying notes.

Art. 27. To see what sum of money the town will vote to raise for the support of poor.

Art. 28. To see if the town will vote to authorize the selectmen to procure a temporary loan or loans in anticipation of taxes, for the purpose of paying obligations of the town: such loan or loans to be paid during the current municipal year out of money raised during said current municipal year by taxes. Said loans not to exceed in the aggregate \$18,000.00.

Art. 29. To see if the town will vote to instruct the superintending school committee to re-open any closed school they may deem advisable.

Art. 30. To see if the town will authorize the Selectmen to sell such real estate acquired by tax liens as they deem advisable for the best interests of the town and convey the same by quit claim deed.

Art. 31. To see if the town will pay the members of the school committee for their services for 1943.

Art. 12. To raise money for the supplies of the common schools.

REPORT OF PUBLIC HEALTH NURSE

The Public Health Nursing Program has included a health educational plan that has been available to all individuals. Two Child Health Conferences have been conducted during the year. Smallpox vaccinations were accepted by a few individuals. The Public Health Nurse was able to give assistance with health problem cases in the town..

Fifty-three audiometer tests were given, and twelve children with defective hearing were found at this time. Four educational films were shown to the pupils, and these were received with a great deal of enthusiasm. The children in one rural school were able to see these films also because a generous citizen opened her home to provide necessary electricity.

Three crippled children have received assistance from the Public Health Nurse and have attended the Crippled Children's Clinic at the Rumford Community Hospital..

There is a need for physical examinations of pupils during the school year in order to improve the health status of all individuals and to detect faults.

Marked interest has been shown in school lunches. It is hoped that every family will accept the opportunity to donate time or material things for this special project that the teachers are willing to promote.

Servicemen's families have been visited with a great deal of satisfaction. These young mothers are eager to learn of good hygiene for their infants.

Through the cooperation of teachers, parents, children, interested citizens and town officials, the Public Health Program has reached more individuals and thus improved the health status of Greenwood.

Respectfully submitted,

RUTH W. HOPKINS, R. N.

AUDITOR'S REPORT

State of Maine
State Department of Audit
Augusta

January 10, 1945

To the Inhabitants of the Town of Greenwood:

In accordance with the request of your municipal officers, this department, represented by C. G. Hawes has completed an examination of the accounts of your town officials for the municipal year ending December 30, 1944.

In our opinion, based upon such examination, the accompanying exhibits and schedules fairly present the financial condition of your municipality as of that date, and summarize its fiscal transactions during the municipal year then ended.

The data obtained by us is summarized in the following:

	Comments
Exhibit A	Balance Sheet
	B Cash Receipts and Disbursements
	C 1944 Valuation, Assessment and Collection
	D Statement of Departmental Operating Accounts
	E Analysis of Change in Net Surplus
Schedule 1	Reconciliation of Treasurer's Cash Balance
	2 Investments—Government Bonds
	3 Investments—Capital Fund
	4 Summary of Taxes with Supporting Detail
	5 Summary of Tax Liens with Supporting Detail
	6 Summary of Tax Acquired Property with Supporting Detail
	7 Trust Funds

Respectfully submitted,

FRED M. BERRY

State Auditor

COMMENTS

Cash

All receipts as recorded were examined and the cash for same was found to have been deposited in the bank, with the exception of \$1,266.72 cash on hand, which was verified by actual count. The detail is shown on Exhibit B.

Expenditures were made by check from warrants drawn by the Selectmen, as summarized on Exhibits B and D.

The cash balance reconciled with the bank statement at the close of the municipal year, as per detail shown on Schedule 1.

Taxes—Property and Poll

The 1944 tax commitment was added and found to agree with the records of the Assessors. The total commitment was accounted for by cash and abatements or was still unpaid according to the records of the Collector.

Payments received on prior years' unpaid taxes were credited against the proper items. The unpaid prior years' taxes are summarized and detailed on Schedule 4.

All recorded receipts on tax liens were found to have been applied against the proper items. The liens on hand are summarized and detailed on Schedule 5.

The tax acquired property is summarized and detailed on Schedule 6.

The cash collection of the current year's taxes was 94.8%; while all taxes collected during 1944, both current and prior, amounted to 126.4%, both as against the current commitment.

Excise Tax

The excise taxes were checked from the copies of the receipts as follows:

Balance from 1943 (Exhibit A)	\$27.82
1944—Receipts No. 12 to 163 (Exhibit B)	414.21

TRANSFERRED TO NET SURPLUS (Exhibit E) \$442.03

1945—Receipts No. 1 to 16 (Exhibit B)	
Carried to 1945 Year (Exhibit A)	\$35.80

Notes Payable

The outstanding notes amounting to \$3,000 were paid in

full during the year, \$1,000 was paid from the appropriation made at town meeting and \$2,000 from general cash.

Trust Funds Owned by Town

All trust funds have been used by the town, but as the town has a very substantial cash balance, it would seem proper to repay these funds in 1945. Interest was appropriated and transferred to the Cemetery Income and School Accounts during the year.

Net Surplus

Reference to Exhibit A indicates that as of the close of the municipal year, there was a Net Surplus of \$7,221.76 as compared with \$8,179.28 shown a year previous. This represents a decrease of \$957.52, the analysis of which is shown on Exhibit E of this report.

General

Our test check of paid invoices and payrolls indicated they were proper charges and correctly recorded.

The Withholding Tax records were so examined and appeared to have been properly kept. Checks were drawn for this tax and sent to the Collector of Internal Revenue quarterly.

The records of dog licenses issued by your Town Clerk showed collection in the sum of \$72.30. \$71.40 has been paid to the State Treasurer, \$.90 being due from the Town Clerk.

With the exception of cash, cash invested and capital reserve fund, no external verification was made of your asset and liability accounts.

It is our recommendation that at least two members of the Board of Selectmen approve the warrants before presenting them to the Treasurer for payment.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of the Town of Greenwood:

I herewith submit my report of your schools for the year 1944:

Few Towns have been so fortunate as Greenwood in retaining its teaching staff. The schools opened in September with the same teachers with which they closed in June. That Greenwood can obtain the services of efficient local teachers is cause for rejoicing. Were this not the case it is quite probable that some of our schools might be without teachers. The work in each and every school is going on in a very satisfactory manner due to the cooperation of school officials, teachers, pupils, parents and citizens.

A school lunch program is being introduced at the Locke Mills school through the efforts of the teachers in soliciting the cooperation of the citizens of the community. Before this report is printed the pupils who have to eat a cold lunch at noon will be enjoying a hot dish to supplement their cold lunch. The school is deeply grateful to the parents and citizens who have so willingly volunteered to contribute in various ways to this project.

Several books are being added to the school library at Locke Mills through the efforts of the teachers without expense to the town. A generous donation from an anonymous friend of boys and girls is deeply appreciated.

The health program has been carried on under the guidance of the public health nurse. Physical examinations and preventative toxoids have been administered by a physician. It is believed that the hot lunch served during the winter contributes to the health and general development of the pupils. In the one room schools the teachers and parents have cooperated for several years in providing something hot for the noon lunch during the cold weather.

The Greenwood schools have responded whole-heartedly to the various demands made upon them in helping to win the

war. During the fall term of 1944 stamps and bonds were purchased to the amount of over \$500. The tin can and paper drive have also been successfully carried on.

The financial report submitted requires some explanation in order for the citizens to intelligently consider the appropriations for next year. The balance as it appears on the common and high school account is over \$2,000, which would indicate that the same appropriations as last year might be sufficient.

Teachers in many places have for sometime been paid on a monthly basis over a twelve-month period. They prefer this in that it gives them an income during the summer. The Greenwood teachers and the janitor at Locke Mills have been paid on this basis since September, 1944, which means that the amount paid them up to January 1, 1945, is \$672 less than it would have been had they received their full pay as under the former schedule when they were paid their salary bi-weekly over a thirty-six week period. In other words the balance on the common and high school account is \$672 more than if they were being paid as heretofore.

The coal for the present school year was not all delivered before January first so that the balance of the coal for this year must be paid out of the balance as it appears in the financial report. Thus in considering the appropriations for another year it is advisable to consider the balance of January 1, 1945, about \$750 less than it appears in this town report.

Again the citizens will please bear in mind that our high school tuition charge is constantly increasing. This year we have had thirty-two pupils attending high schools and judging from the present enrollments in the common and high schools this number will not be reduced next year. Furthermore the tuition charges have been increased in some high schools to \$125 and it is necessary for Greenwood to meet this extra expense in Norway and South Paris high schools.

Another reason for an increased appropriation is that the State equalization fund allotment for Greenwood for the coming year is \$600 less than that of the past year.

With the above situation to face your superintending school committee has gone over the matter carefully and each one feels that the recommendations are the lowest possible if we continue to efficiently maintain our schools. The boys and

girls in the elementary schools must not suffer as the result of the large amount paid for high school tuition.

Textbooks and supplies can be provided with the same appropriations as last year.

More money will be needed for repairs since the Greenwood City and Greenwood Center buildings should be shingled, the roof of the porch at Locke Mills must be repaired. The interior of the Tubbs school was not refinished as planned last year on account of the manpower shortage so this must be done if possible this year. In the matter of insurance, adjustments have been made so that beginning this year the cost will be nearly uniform. The annual payments will be approximately sixty dollars per year.

Your committee and superintendent, in making their recommendations are fully aware of the burden placed upon the taxpayers of Greenwood and it is hoped that the town will not fail to respond to the needs of the schools.

Again I wish to thank all those who directly and indirectly have contributed to the successful operation of our schools.

Respectfully submitted,

CARRIE M. WIGHT
